Sir,

Govt Of India has taken initiative for implementation of **“Ease of doing business in Tripura”** as a part of **MAKE IN INDIA**. Accordingly Department of Industry & Commerce Govt Of Tripura is declared as a nodal Deptt for implementing the same in Tripura state since 2015.

As an integral part of the same to ensure due compliance of the action points of Business Reforms of states/UTs the necessary reforms as mandated by Department Of Industrial Policy and Promotion (DIPP) Govt Of India, in case of firm/company has been done with due intimation to the Hon'ble TERC. Accordingly the business reforms has already circulated to Distribution Circles /Divisions for necessary implementation. We are well aware that the online service connection facility has been started in 26nos R-APDRP town of TSECL where SAP system is active But it is experienced that the consumers are not responding to avail online service connection facility due to lack of proper awareness .

Now in the advance stage of **“Ease of doing business in Tripura”**, **DIPP** is going to introduce **Single window system** for all buisness where online Service connection is the mandatory requirement in the part of TSECL.

In this connection in the last review meeting which was chaired by the Director Industry & Commerce ,Govt Of Tripura, it has been decided to stop taking offline application for Industrial connection to make awareness campaign and to facilitate consumers as well as Discom Officials for availing the facility and privilege of hassle free online service of TSECL through TSECL web portal www.tsecl.in

Therefore you are requested to instruct all your lower circuit officials to adhere by this instruction with immediate effect. At the same time you may also instruct the officials to coordinate with the other Sr Mangers /licensees of Sub Divisions where SAP is not yet introduced.

(A Govt. of Tripura Enterprise)

This is as per approval of the **CMD TSECL.**

Yours faithfully
